

# RUBRIC FOR CAREER EPISODE PIECE

	Above Expectations HD	Meets Expectations D	Approaching Expectations C	Below Expectations F
Reflective Thinking	The reflection explains the student's own thinking and learning processes, as well as implications for future thinking/practice. The reflection examines student's assumptions and values during the episode.	The reflection explains the student's thinking about their own professional thinking/practice.	The reflection attempts to demonstrate thinking about experience but is vague and/or unclear about the personal learning process.	The reflection does not address the student's thinking and/or learning.
Analysis	The reflection is an in-depth analysis of the episode. The analysis focuses on the selected question, and demonstrates the value of the question in unpacking the episode.	The reflection is an analysis of the episode based on the selected question.	The reflection attempts to analyse the professional experience but the selected question hasn't been placed at the center of analysis.	The reflection does not move beyond a description of the professional experience.
Making Connections	The reflection articulates multiple connections between the professional experience and content from the course material, past learning, life experiences and/or future goals. The reflection also suggests change for the future.	The reflection articulates connections between this professional experience and content from the course material, past learning experiences, and/or future goals.	The reflection attempts to articulate connections between this professional experience and content from the course, past learning experiences, or personal goals, but the connection is vague and/or unclear.	The reflection does not articulate any connection to other learning or professional experiences.
