Presenting effectively

This document is intended to provide you with some key references and resources related to the theme of the week. They also indicate the nature of content to be discussed, and explored during the week, particularly while working on your project.

- ■ **Key Resources** *(ensure you familiarize yourself with the topic before seminar and tutorial)*

    - N/A for this week.

- ■ **Think about these questions**

    - How can we present effectively? How can we present our findings in a way that your audience will not only understand, but be moved by?

- ■ **Supplementary Resources**
